

**HU903** – This is an ultra versatile split-level, luxury unit offering the opportunity to combine hospitality and display functions in separate areas. With sliding patio doors for those windy days, but with large display panels this is a magnet for visitors wherever it appears.

The interior can be adapted to accommodate more or less seating, the kitchen is large but hidden away behind a door in a separate area and there is also a storage cupboard to keep those essentials out of sight. Large display boards make it an ideal trailer to attract your customers directly onto the stand.
