

HU509 – One of a group of newly designed trailers that have a little more display built in. A large open space within can hold extra graphics on a wall that hides the small kitchenette but retaining its largest display wall. HU509 - has a true sense of space but with large enough areas that are adaptable for display or hospitality.

The interior can still be further adapted to accommodate some more seating. With extra large gull wing display boards the outside makes it an ideal trailer to attract your customers directly onto the stand. These boards are optional and individually fitted.
