

**T59** – One of a group of newly designed trailers that are basic in their application. The walls are not covered in any material to attach graphics with Velcro, but loop and hook tape or Blu-Tack can be used. The units do not have a separate kitchen but we can supply a stand alone unit if required at extra cost. Headerboard and simple clip on full length steps. No skirting available.

The floor is covered in a Oak effect vinyl floor. There are spot lights and 3 double electric socket for use with electrical appliances up to 16 amp. The two large display boards accept 5mm foamex mounted graphics that can be removed after use.
