

**HUV5**– One of a group of new trailers that have specialist and unique functions. This trailer incorporates a large 96" rear projection screen made from a new daylight film can be viewed in virtually any conditions. The unit comes with the projector, screen, amplifier, speakers and all items required (leads etc) to attach to your own equipment. If you require a laptop or DVD, these are also available.

There is a small room inside where customers can view some graphics or it can be used as a private interviewing area. If required a video booth (see HU5VB) can be placed here for a fully self contained product experience.
